

Teaching Plan TJ

Term	Phase	Winter	Summer
1 st	Bachelor	General Chemistry Analytical Chemistry	
2 nd			Inorganic Chemistry 1 (Main Group Chemistry)
3 rd		Inorganic Chemistry 2 (Coordination Chemistry)	
4 th			Basics of Material Sciences
5 th		Functional Materials	
6 th			Bachelor Thesis
7 th	Master	Chemical Material Technology Analytics of Mat. (Optical Spectroscopy)	
8 th			Incoherent Light Sources Bioinorganic Chemistry
9 th		Water Treatment by (Photo-)Chemical Methods	
10 th			Master Thesis
11 th - 16 th	Promotion	Seminar for Research Group Co-Workers	History of Science

For all modules manuscripts, exercises, videos, and worksheets will be available at a download portal Wandelwerk-Project „From Lab towards Lecture Hall“: <https://www.youtube.com/watch?v=xzEVgJc527U>
